Presentation (Proposed protocol extracted from KASB Policy Handbook and other district practices)

At this time during the meeting, members of the public may address the Goessel School District Board of Education. Each speaker must have registered with the Board Clerk, Joni Smith, before the meeting is called to order by completing a Speaker's Card and giving it to the Board Clerk. When recognized by the President of the Board of Education, Kelly Booton, the citizen may address the board on appropriate topics. The Board of Education is not required to reply to the comments but may if they so choose. Each person or organization is allowed to address the board for no more than 5 minutes.

5. Special Presentations – State Board of Education goal – Individual Plans of Study

As students navigate through high school and into career and college, it is imperative that students set educational goals and create a roadmap for success in high school and beyond. This roadmap, or individual plan of study, includes development of a flexible career focus and an education plan that is clearly-defined, rigorous, and relevant to assure a successful and efficient transition to postsecondary education and/or the workforce.

The foundational elements of the individual plan of study are the career interests identified by the student through an authentic career interest survey or assessment. A roadmap based on the student's interests and talents can then be developed. Other parts of the IPS include graduation requirements, approved coursework for the student's educational and career goals, and developmentally-appropriate, work-based learning experiences.

An IPS is developed cooperatively with the student and the student's counselor, teachers, and family members. The plan is reviewed at least twice annually and is revised as needed.
